Cub Scouts 6th Annual Food Drive An Impressive Success!

Once again, Pack 336's energetic efforts at collecting food and paper goods for the food pantry had a bountiful outcome. Shopping bags that were hung on local door knobs one week were collected the following then brought to the Community Center where the goods were sorted and organized.

Many items immediately went onto shelves while others were put in the storage room for eventual distribution.

Many THANK YOU's to both the Cub Scouts and the Roseville Community for your continue support of the Pantry.
