FARMERS TO FAMILY PROTEIN BOXES

As part of the Coronavirus Food Assistance Program, the USDA's Agricultural Marketing Service is partnering with national, regional, and local suppliers whose workforce has been significantly impacted by the closure of restaurants, hotels and other food service businesses, to purchase meat products (as well as dairy and fresh produce) to be parceled out through food banks and other non-profits serving Americans in need. www.ams.usda.gov

Through our partnership with RiverBend Food Bank of the Quad Cities, Helping Hands of Roseville has been able to provide local families with these timely protein resources.
